Subject: RE: Update from TCEQ on SO2 areas

Ex. 5 Deliberative Process (DP)

We received an update this morning from TCEQ. They have discussed this with the AG's office.

1. A CDD request for Monticello and Big Brown area should be submitted very soon.
2. A redesignation request for Milam County will be coming.
3. Chairman Neirman will be calling Anne tomorrow to follow-up on Hutchinson county. The industry group had asked for an answer today and have reached out to the Chairman to follow up.

An additional fyi, the RA/DRA have asked if Hutchinson county might be an issue that would fall under the latest Executive Order on economic recovery and deregulation. ORC is looking into it.
